

Michael Mangold

Marketing & Growth Operator · Founder

New York, NY · US passport, no sponsorship required · mike@mike9ine.com · [linkedin.com/in/mikenine](https://www.linkedin.com/in/mikenine) · mike9ine.github.io/nothing

Six years founding and running consumer brands, where I was the project manager on every launch because there was nobody else to hand it to. Took a fashion manufacturing brand from **0 to 150,000+ organic followers with zero paid spend**, built the launch funnel that put **20,000 signups** through the door in its first month, and grew it to **\$1M ARR**. Forbes 30 Under 30. Electrical Engineering at ETH Zürich, which is why I read the numbers behind the campaign as carefully as the campaign itself.

EXPERIENCE

Founder · Content OS 2026–Present
New York, NY

- Building an analytics layer that explains why content moves a business metric, the way Ads Manager explains paid spend.

Marketing & Go-To-Market Advisor · Resonance Brands, Ambouras, and other early-stage companies 2026
New York, NY

- Retained by Resonance Brands as strategic marketing advisor, four days a week, reporting to the founder of FirstMark Capital.
- Advised **Ambouras** on go-to-market and organic growth over a two-month engagement. The company went on to Y Combinator.

Co-Founder, Head of Marketing then Head of Growth · Labwear Studios 2021–2026
Zürich, Switzerland · Fashion manufacturing platform for next-generation brands · Forbes 30 Under 30

- Grew the brand from **0 to 150,000+ followers organically**, with no paid media, no agency and no outside growth help.
- Designed and ran the launch funnel that generated **~20,000 signups in month one**. Entirely memes, entirely systematic, not one lucky post.
- Owned campaign planning end to end: scope, timeline, budget, production, vendors and post-launch review. Scaled the business to **\$1M ARR by 2024**.
- Delivered a production project for **Vogue** at 21, after their own factory could not solve it. Met Anna Wintour through the work.
- Directed a three-person creative team across production, creative and editing, shipping content on a continuous release schedule.

Co-Founder & CMO · Tecido Schweiz GmbH 2020–2021
Zürich, Switzerland · Sustainable company merchandise

- Took the company to its **first six-figure revenue**, running sales, hiring and marketing.
- Built a platform letting companies offer personalised merchandise stores, so employees could customise their own workwear.

Co-Founder · Vintage Yard 2019–2020
Switzerland · One of Switzerland's first online second-hand stores

- Reached the **top Google ranking** in its category. Where I learned SEO and organic social from the ground up.

Sales Associate · Nike 2019–2021
Landquart, Switzerland

- Two years on a retail floor for a global brand. Product launches, in-store merchandising and customers who tell you the truth immediately.

RECOGNITION

Forbes 30 Under 30 · Switzerland, for Labwear Studios

Hult Prize, \$100,000 won · Top 6 globally of 200,000 participants.
